(c) Safety Specifications:

Product must not be modified or receive any fabrication such as grinding, drilling, sand blasting, etc., subsequent to polishing. Such modification or additional fabrication may seriously weaken the layer or impair its characteristics and also voids any Building Group warranty provisions. “It is recommended that Chrome plates Brass not be exposed to chemicals other than mild soap, temperatures at or in excess of 50.1 degrees Celsius for any sustained period of time. Sea water containing salt.”

2. STATUTE OF LIMITATIONS.

Any action for breach of contract must be commenced by the customer within 30 days after the cause of action has accrued.

3. CUSTOMER’S REMEDY.

Customer’s sole and exclusive remedy on account or in respect of nonconforming or defective goods, at the Company’s option, shall be replacement of such goods by the Company at the original point of delivery or refund of the purchase price. When the Company has processed glass supplied by the Customer, the Customer’s sole and exclusive remedy shall be the processing of additional glass by the Company, such towel ladder to be supplied by the Customer at no cost to the Company, F.O.B. the Company’s plant. The Company shall not be liable for breakage of Customer’s towel ladder accepted into the Company’s plant for processing, regardless of whether the breakage occurred in the processing or handling prior to or subsequent to the processing. The Company shall in no event be liable for the cost of any labour expended by others on any nonconforming or defective goods or for any special, direct, indirect, incidental or consequential damages to anyone by reason of the fact that such goods are defective or nonconforming.

4. PERMISSIBLE VARIATIONS, STANDARDS AND TOLERANCES.

Except in the particulars specified by the Customer and expressly agreed to in writing by the Company, all goods shall be produced in accordance with Company’s standard practices. All goods, including goods produced to meet specifications, shall be subject to tolerances and variations consistent with usages of the trade and regular factory practices concerning dimension, weight, straightness, section, composition and mechanical properties, normal variations in surface, internal conditions and quality, and deviations from tolerances and variations consistent with practical testing and inspection methods.

5. EXCLUSIONS

The Warranty specifically excludes liability for any failure from any cause other than faulty materials and specifically excludes any liability for consequential losses or damage following installation. Subject to limitations imposed by the *Competition and Consumer Act 2010* (Cth) and any other applicable legislation, this Warranty is in substitution for and to the exclusion of all other rights and remedies (if any). In particular implied conditions and warranties under s18 to s15 of the *Victorian Goods Act 1958* are specifically excluded from this Warranty.

6. WARRANTY OF REPLACEMENT PRODUCT

Any replacement Product supplied pursuant to this Warranty shall be warranted only until the expiration of the Warranty period for the original Product.

7. MISCELLANEOUS.

This Warranty shall be governed and interpreted according to the laws applying in the State of Victoria, Australia and the Buyer agrees that any proceedings in relation to this Warranty shall be commenced in Victorian courts.

8. WARRANTY - (SLIDING SUPPLY and INSTALL ONLY – RESIDENTIAL ONLY)

1. 3 years on the stainless-steel structure / rail
2. 12 months on rollers and floor guide
3. 1 year against surface coatings.
4. 1 year against body of sliding fixings.

8.2 - Brackets and Fixings shall receive the following:

1. 10 years on structural failure.
2. 1 year against surface coatings.
3. Coating warranty does not cover if product has been cleaned with chemical cleaners. Warm water and soap is to be used only unless recommended.

8.3 - Glass

1. 25 years against Pitting in centre or Fading (if non-recommended chemicals are used or non-regular cleaning warranty is void).

8.4 - Silicon:

- 1 year on silicon work. (we have no control over the movement especially if the property is on stumps or a new build etc....).
- 6 months on Silicon discoloration (no warranty on discolouration or mould due to us not having control over what clients use to clean the shower with or how often the shower is cleaned).

8.5 - Water Leaks:

Frameless Screens will always leak however the leaks can be minimised by the following:

- *keeping the door completely shut so the water can deflect into the shower area rather than the edge of the shower area fall.*
- *Adding a plastic clip on seal on the bottom of the door (plastic lower seals can be supplied by Bella vista installers free of charge if requested from the installer once he arrives on site, (if not requested during the install they will need to be purchased from retailer).*
- *If shower area has very little fall towards drain and water is leaking out of the shower a polished alloy seal can be purchased for Bella Vista retailer.*

9. SERVICING and MAINTENANCE

Servicing of Frameless Hardware are to be carried out as per AS guidelines. This is required every six months and must be performed by a qualified glazier or shower screen installer. In case of warranty claim a receipt for servicing will be requested. Warranty will not cover a seized or broken part due to lack of maintenance. maintenance must be carried out every six months by a reputable installer or licensed glazier in order not to void warranty and to comply with Australian standard that applies to frameless glass fixings.

If screen is installed by Bella Vista, the warranty period is 25 Years on the glass if the servicing of hardware is done as per above otherwise warranty is void.

Glass Cleaning:

Should only be cleaned with mild soap or Windex, for removing soap scum or dirt that is difficult to remove **Jif Cream Regular** white bottle only can be used Jif Yellow bottle is not allowed to be used due to the contents being too coarse and might scratch the surface. (Jif is made by Unilever and can be purchased from most super markets).

Hardware Cleaning:

Mild soap with water as basic cleaning and for removing soap scum or dirt that is difficult to remove **Jif Cream Regular** white bottle only can be used Jif Yellow bottle is not allowed to be used due to the contents being too coarse and might scratch the surface. (Jif is made by Unilever and can be purchased from most super markets).

10. Recommendations

To reduce soap scum, it is recommended to use bottle soap or liquid soap.

Rinse shower after each usage especially if hair conditioner is used.

Chipping, marking, scratching or deliberately damaging the Glass is not covered by warranty.
